Customer Since - 2016

Awards & Affiliations

Customer Details:

Customer is a public research university in Hamilton, Ontario, Canada. It operates six academic faculties: the DeGroot School of Business, Engineering, Health Sciences, Humanities, Social Science, and Science. It is a member of the U15, a group of research-intensive universities in Canada. Customer is co-educational, and has over 25,000 undergraduate and over 4,000 post-graduate students. Customer opened in Toronto in 1890 and is currently a privately chartered, publicly funded non-denominational institution in 1957. The university was ranked 66th in the 2017 Academic Ranking of World Universities.

Business Challenge:

Customer had recently implemented PeopleSoft HCM 9.2, PeopleSoft FSCM 9.2 and PeopleSoft Campus Solutions 9.2 applications with no data warehouse ecosystem. They desired having a single point of truth across all departments in order to satisfy all reporting requirements and support institutional research & effectiveness.

The ERPA Solution:

Oracle BI Applications (OBIA) 11.1.1.10.2 Custom Institutional Research and Effectiveness Analytics and Oracle Data Integration (ODI) was implemented to create a single source of truth across the university.

Business Benefits:

- High Availability Student Information Data Warehouse
- Enabled Strategies to Purge and Archive PeopleSoft Data
- Advanced Data Visualization and End User Manipulation
- Support for Department of Institutional Research reporting
- Establish a data warehouse platform with the ability to house all functional data sets in HR, Finance, Student and custom and provide cross functional reporting

Why ERPA?

500+ Employees

1500+ Projects

99% Customer Satisfaction
