

From project management and testing to training and go-live support, ERPA's expert Workday implementation consultants are ready to partner with your organization to deploy new Workday modules or evolve your existing production environment with additional functionality or worker populations.

Through proven methodologies and years of industry experience, ERPA turns complex challenges into manageable solutions. Let us do the heavy lifting while simultaneously guiding you every step of the way.

Phase X Deployments

Ready to evolve your initial Workday deployment with new modules or functionality? With milestones and consultant experience equivalent to that of a full initial deployment, ERPA helps to connect your live environment with the new features you need to take your organization to the next level. Phase X Deployments include tailored dashboards designed to increase visibility for executive reporting, workflow management, and employee engagement.

Mergers & Acquisitions

Data integration is the key to success in mergers & acquisitions; ERPA supports all acquisition directions (horizontal, vertical, or concentric) and provides tools to ensure success with particular attention paid to Data Evaluation; Historical Data; Specific Employee Populations; Conversion Strategy; Regulatory Analysis; Security; and Integrations.

Divestitures

ERPA has developed specific delivery methodology to support the complexities of divestiture initiatives with a focus on evaluating current operations and technologies to provide a custom solution, not simply a "Clone & Go" approach.

THE ERPA EXPERIENCE

A relationship with ERPA makes Workday easy. Tailored services, named resources, and warranted work ensure your ERPA experience is a successful one.

Build trust with named resources solely focused on AMS. We spend the time learning your Workday environment inside and out.

Service warranties pledge that we do things right the first time.

Our certified consultants have an average of 6 years' direct Workday experience, which enables tailored solutions and more successful business outcomes.

Our unique "Try and Buy" program offers shorter initial contract terms and regular check-ins to assure complete satisfaction before a bigger commitment.

Founded in 1999, ERPA is a leader in enterprise application managed services, cloud hosting, and consulting services.

As a Workday AMS Partner, ERPA provides ongoing functional, technical, and administrative support to customers in production with Workday Financial Management and Workday Human Capital Management (HCM), providing clients with real-time operational visibility along with the speed and agility to adapt to business growth and change.

ERPA's services and solutions are delivered by a team who embodies our guiding principles of Empathy, Responsibility, Passion, and Agility. Learn more at erpa.com.
